EVEREST™

Superior Quality Control ensures crucial protection and extreme performance

Official Approval signifies that **Everest Extreme Performance Lubricants** have passed all tests and stringent specifications required by **VOLVO**.

API ILSAC
CERTIFIED

API's Service Symbol and Certification Mark identify quality engine oils for gasoline and diesel-powered vehicles that meet the performance requirements set by U.S. and international vehicle and engine manufacturers and the lubricant industry.

EVEREST™

VOLVO VDS-4 Approval#: 417-0001-15-839

Meets or exceeds stringent VOLVO® performance standards for superior engine protection.

QUALITY IS VITAL

US Global Petroleum emphasizes greatly on quality, which is why we have strict quality control measures that are implemented during the manufacturing stage. We produce chemicals, hydraulics, lubricants, and much more to the highest industry standards. All products undergo extensive testing in our laboratories and are deemed ready for sale only after they pass certain preset parameters. Being a B2B operation in the oil & gas industry, we understand the importance of maintaining quality and till date we have not compromised in this aspect. Golden Stallion, Everest, and Rover are some of the brands we actively promote in the markets.

QUALITY CONTROL

Our commitment to quality, service and integrity makes us a reliable partner in today's challenging manufacturing environment. We take pride of the superior quality of our products and implement the best quality control practices in the industry.

- Each batch of raw materials and finished products is carefully inspected
- Samples are kept in the production archives for two years
- State-of-the art fully equipped and certified lab on site.

EVEREST MOTOR OIL

Everest Synthetic & Semi-Synthetic Motor Oils are a superior quality multi-grade oils designed for maximum engine protection even under the toughest driving conditions. They outperforms conventional motor oil, reduces friction and wear at start-up and protects your engine against performance robbing sludge and varnish deposits. They are fully licensed to meet or exceed car manufacturers' ILSAC GF-5 and American Petroleum Institute (API) SN service classifications and are backwards compatible with all earlier API classifications.

Our Research and Development team continue to develop and formulate all our products to meet the latest state of the art vehicle manufacturer's warranty specifications and requirements. Everest Motor Oils are recommended for high-powered passenger cars, light trucks, sport utility vehicles and other mobile and stationary engines.

- Synthetic Motor Oil
- Synthetic Blend Motor Oil
- Heavy Duty Motor Oil
- Automatic Transmission Fluid
- Tractor Hydraulic HT Fluid
- Antifreeze
- Gear Oil
- Chain Oil
- Grease
- Transformer Oil
- AW Hydraulic Oils
- Marine Oil
