

# EXTENDED LIFE

## ASIAN PINK 50/50 Antifreeze/Coolant

### Specially formulated for Lexus, Toyota, Scion

**iLAST ASIAN PINK 50-50 PREDILUTED ANTIFREEZE/COOLANT** is an extended-life phosphate-based OAT coolant specifically formulated to provide superior performance for newer (2004-present) Lexus, Toyota, and Scion automotive and light-duty vehicles. As an initial fill and properly maintained it provides high-temperature aluminum protection and extended life, 150,000 miles or 5 years, protection against rust, corrosion, and pitting for all coolant system metals. It meets or exceeds ASTM D3306 and JIS K2234 performance levels and is fully compatible with similar formulated extended-life coolants. However, for the best results, do not mix with conventional high pH, borate, or silicate based coolants.

### Advantages

- Phosphate based Organic Acid Technology (OAT) coolant
- Extended Life 150,000 miles\* or 5 years of service protection
- Ethylene glycol based. Silicate, borate, nitrite and amine free
- Superior high-temperature aluminum protection
- Provides maximum protection against rust, corrosion, and pitting
- Blended with pure de-ionized water for your quality needs
- For safety purposes all iLAST antifreeze is blended with a bittering agent

### Specifications

iLast Asian Pink Antifreeze is blended with proprietary additives designed to safely meet the performance specifications of (but not limited to): ASTM D3306 and JIS K2234.

V251121

## TYPICAL PROPERTIES

DESCRIPTION	TYPICAL VALUES	TEST METHOD
Appearance	Visual	PINK
Specific Gravity at 60/60°F	1.065 - 1.080	ASTM D1122
Freeze Point, at 50% max	-34°F	ASTM D3321
pH at 50% Solution	7.5 - 8.6	ASTM D1287
Reserve Alkalinity min.	1.5 max.	ASTM D1121
Foam volume (ml)	150ml/5 sec	ASTM D1881

### BOIL OVER PROTECTION

Type of Coolant Test	Atmospheric Pressure	15 LB cap
Coolant Boiling	224°F	265°F
Cooling Freezing	-34°F	-34°F

Available in Gallons, Drums, Totes, and Bulk.
